INDEPENDENT AUDITOR'S REVIEW REPORT ON THE INTERIM CONDENSED FINANCIAL STATEMENTS TO THE SHAREHOLDERS OF TAMWEEL AL OULA COMPANY (A SAUDI CLOSED JOINT STOCK COMPANY)

Introduction:

We have reviewed the accompanying interim condensed statement of financial position of Tamweel AI Oula Company ("the Company") as at 31 March 2021, and the related interim condensed statements of profit or loss and other comprehensive income, statements of changes in equity and cash flows for the three months period then ended, and a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and presentation of these interim condensed financial statements in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34") endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

Scope of Review:

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" endorsed in the Kingdom of Saudi Arabia. A review of interim financial statements consists of making inquiries, primarily to persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion:

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with IAS 34 endorsed in the Kingdom of Saudi Arabia.

4 SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

4.1 Novel coronavirus ("COVID-19")

The outbreak of novel coronavirus ("COVID-19") since early 2020, its spread across mainland China and then globally caused disruptions to businesses and economic activity globally including the Kingdom of Saudi Arabia and the declaration of this pandemic by the World Health Organization necessitated the Company's management to revisit its significant judgments in applying the Company's accounting policies and the methods of computation and the key sources of estimation applied to the annual financial statements for the year ended 31 December 2019. Whilst it is challenging now, to predict the full extent and duration of its business and economic impact, the Company's management carried out an impact assessment on the overall Company's operations and business aspects including factors like supply chain, travel restrictions, oil prices, product demand, etc. As of the issuance date of these interim condensed financial statements, in view of the current uncertainty, any future change in the assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in the future periods. As the situation is rapidly evolving with future uncertainties, management will continue to assess the impact based on prospective developments.

The loan payable withing next 12 months is presented as current liability. Tawaruq loans carry financial charges at prevailing market borrowing costs plus SIBOR. These Tawaruq loans are secured by promissory notes issued by the shareholders. The Company is required to comply with certain covenants under the facility agreements which includes maintenance of certain leverage ratios. The Company had no breach of covenants during the period.

8 SAMA SUPPORT PROGRAMS AND INITIATIVES (continued)

As part of the deferred payments program launched by SAMA, the Company was required to defer payments for a total of nine months (original deferment for six months was followed on by a further extension of six months) on lending facilities to eligible MSMEs. The payment reliefs were considered as short-term liquidity support to address the borrower's potential cash flow issues. The Company effected the payment reliefs by deferring the instalments falling due within the period from 14 March 2020 to 14 September for a period of six months, and then further deferring the installments falling due within the period from 15 September 2020 to 14 December 2020 for a period of three months without increasing the facility tenure. The accounting impact of these changes in terms of the credit facilities has been assessed and were treated as per the requirements of IFRS 9 as modification in terms of arrangement. This resulted in modification losses which have been presented as part of net financing income. This resulted in the Company recognizing an additional modification loss of SR 7.50 million.

Further to the above, SAMA on 8 December 2020 extended the deferred payment program until 31 March 2021. the Company has effected the payment reliefs by deferring the instalments falling due within the period from 15 December 2020 to 31 March 2021 without increasing the facility tenure. The accounting impact of these changes in terms of the credit facilities has been assessed and are treated as per the requirements of IFRS 9 as modification in terms of arrangement. This resulted in the Company recognizing an additional modification loss of SR 4.77 million.

Further to the above, SAMA on 7 March 2021 extended the deferred payment program until 30 June 2021. the Company has effected the payment reliefs by deferring the instalments falling due within the period from 1 April 2021 to 30 June 2021 without increasing the facility tenure. The accounting impact of these changes in terms of the credit facilities has been assessed and are treated as per the requirements of IFRS 9 as modification in terms of arrangement. This resulted in the Company recognizing an additional modification loss of SR 7.18 million.

As a result of the above program and related extensions, the Company has deferred payments totaling to SR 208.7 million on MSMEs portfolio. The carrying amount of those payments amounted to SR 180.81 million as at 31 March 2021.

The Company generally considered the deferral of payments in hardship arrangements as an indication of a SICR but the deferral of payments under the current COVID-19 support packages have not, in isolation, been treated as an indication of SICR.

The Company continues to monitor the lending portfolios closely and reassess the provisioning levels as the situation around COVID-19 evolves.

In order to compensate the related cost that the Company is expected to incur under the SAMA and other public authorities program, the Company has received in aggregate SR 175.68 million of profit free deposit in number of tranches from SAMA during the year, with varying maturities. Management had determined based on the communication from SAMA, that the profit free deposits primarily relates to compensation for the modification loss incurred on the deferral of payments. The benefit of the subsidised funding rate has been accounted for on a systematic basis, in accordance with government grant accounting requirements. This resulted in a total income of SR 4.09 million which has been recognised in the statement of income. The management has exercised certain judgements in the recognition and measurement of this grant income.

The Company has participated in SAMA's facility guarantee programs (the "Kafala program"). The Company has received SR 372.94 million from SAMA for providing concessional financing to eligible MSMEs under Facility Guarantee program. As the guarantee under the Kafala program form integral part of the financing arrangement; therefore, the funding received from SAMA does not qualifies for government grant and is recognized as financial liability under IFRS 9, The benefit of the subsidized funding rate has been accounted for on a systematic basis, in accordance with financial instruments requirements. This resulted in a total income of SR 24.65 million, of which SR 3.62 million has been recognized in the statement of income for the year ended 31 December 2020 and with the remaining amount deferred.
